

FLUTTERBY 400W

Total PPF: 840 µmol/s

The FLUTTERBY's design delivers the most efficient energy to your plants with low power consumption. These low-profile and easy-to-install grow lights are ideal for vertical grows or single roller tables. The 400W grow lights optimize the grow space and produce the highest \$/sq. ft. in an indoor grow. Whether used for growing leafy greens, vegetables, or cannabis, these grow lights will deliver better quality crops and higher crop yields.

SPECIFICATIONS

TYPICAL INPUT POWER	400 W
